## FOREWORD

The Ministry of Education and Training (MoET) through the policy and planning division has the mandate to publish yearly statistical report on education data to inform policy and decision makers within the education sector. The statistics presented were validated and extracted from the Open VEMIS. Open VEMIS is the main database for MoET that, store and analyse data on different education indicators. Data in Open VEMIS are updated on annual basis by the responsible data owners, with respective of the time frames of types of education data available in OV. Also, data published in this report are sourced from other non-government education institution providing Tertiary and post-secondary education in Vanuatu.

The purpose of this report is to publish data captured in Open VEMIS and other non-government education institution that can be used to measure the effectiveness of the policy objectives that addresses the three main goals of the Ministry, which are Access, Quality and Management. The information published provides evidence to inform policy and decision makers as well as measure the effectiveness of the implementations of policies that aims to address the MoET's goals. Most importantly, the utilization of data will help to measure and monitor the progress of indicators outlined in the Vanuatu Education and Training Sector Strategy (VETSS) 2020 – 2030 that links to the Society pillar 2 of the Peoples Plan 2016 – 2030 that focuses on Quality Education.

The data also aim at calculating the different education indicators for SDG4, MDG and other regional indicators to measure the progress of the Vanuatu's education system that also allows comparison at the regional and international levels.

It is important for every data user to make effective use of the information in all planning or decision-making processes to ensure available resources are used effectively and efficiently. The formulation of new policies should be guided by data for its effectiveness and proper coordination of resources towards development.

On this note, I take this opportunity to encourage every directorate within MoET, line ministries, regional and international agencies to consider the importance of education data and make effective use of it for better planning and decision making towards improving our education system.

Finally, I am pleased to introduce the MoET Annual Statistical Report for 2022 that outlines a holistic range of education statistics, from Early Childhood Care and Education (ECCE) to Post School Education and Training (PSET).

Yours sincerely,

**Bergmans Iati**

Director General, Ministry of Education and Training

## ACKNOWLEDGEMENT

I have the honour as Director responsible to acknowledge the outstanding work by MoET officers who contributed in one way or another towards the publication of the 2022 statistical report published by the Ministry of Education and Training.

My special gratitude goes to the officers of the Policy and Planning Division at MoET, in particular to the Open VEMIS team for the tremendous efforts in compiling and publishing the Annual Statistical Report for 2022. I extend my appreciation to the provincial VEMIS Officers for the improved coordination and support provided in collecting the data and entering it into Open VEMIS (OV).

Massive thanks for the contributions of the school management and in particular, school principals, teachers and staffs for their time and effort in organising the school data and for making sure data entry in Open VEMIS or in paper survey forms are done prior to the dateline of the school census.

I also take this opportunity to appreciate the team effort of the Provincial Education Officers (PEOs) within each Provincial Education Offices for the good working relationship in supporting the tasks allocated at the school level in relation to collection, entry and validation of data in Open VEMIS.

On that note, I would also like extend my appreciation to every PSET providers institutions for responding positively to the data requested for publication in the MoET Statistical report.

Furthermore, I am so grateful to our donor partners particularly MFAT, DFAT, UNICEF, and SPC for providing the financial and technical support towards the development and capacity building on the use of the Open VEMIS system.

I would also like to encourage everyone to make good use of the information and to use the data as evidence to support planning and decision making within their aspects of work.

For further information, contact Oztome Bule on email: [obule@vanuatu.gov.vu](mailto:obule@vanuatu.gov.vu) at the Policy and Planning Division, or call +678 22309.

Yours sincerely,

**Serge Lewawa**  
Director, Policy and Planning Division

## INTRODUCTION

The development and use of Open VEMIS has been instrumental in strengthening the collection and reporting of all MoET's data, ensuring that information is centralised and accessible for all users. All data available in the system are managed by responsible units owning the ministry's data from central office down to school level. The data captured includes enrolment, teachers, facility, school registry and mapping, school finance and are accessible at all levels within the education structure.

The development of Open VEMIS aiming to strengthen its three main objectives towards producing quality data which are **Completeness, Accuracy and Reliability** of all education managed in the database and making sure data managers are trained to ensure quality of data are addressed. The system itself facilitates the validation and quality control of the data stored in Open VEMIS that allows VEMIS officers and data managers to conduct data quality checks based on the reports generated by the system.

Therefore, data published have been validated and audited based on the Open VEMIS data quality procedures normally conducted by respective data managers within each unit before the data are confirmed for its official use.

The purpose of producing this statistical report separately from digest report is to ensure data are easily available in a timely manner given the validity of the data to inform planning and decision-making within the education sector. The data published will later be serve as the basis for compiling the Annual Digest reports, which will provide more detail analysis on education indicators.

Significantly, the information published measures the effectiveness and the progress of Education policies that addresses the main goals of the MoET, namely **Access, Quality and Management** highlighted in the Vanuatu Education and training Sector Strategy (VETSS) 2021 - 2030, that links to the society 2 pillar of "The People's Plan 2016 – 2030" which focuses on quality education. Thus, the content of this report captures information for each school type; ECCE, Primary, Secondary, and PSET institutions. Unfortunately, the report does not capture section on tertiary institution as the updated information for tertiary institutions including data on scholarship awards was not provided as per request.

## SUMMARY STATISTICS IN FORMAL EDUCATION

Table 1: Total enrolment by school type in 2020 - 2022

School Type	2020	2021	2022
ECCE	16,253	16,571	15,074
Primary (1 – 6)	56,633	57,072	56,391
Secondary (7 - 10)	18,488	19,765	21,009
Senior Secondary (11 +)	5,455	5,955	6,337
<b>Total</b>	<b>96,829</b>	<b>99,363</b>	<b>98,811</b>

## 1. STUDENT ENROLMENT IN FORMAL EDUCATION

This section presents the student enrolment data for ECCE, Primary and Secondary schools. The student data are outlined in different table formats with the selected variables such as survey year, authority type, Area council, provinces, school location (rural/urban), gender, Age, language of instruction, school types and education levels. Each table headings clearly outlining the content of the information presented.

Table 5: Enrolment by gender in each school and authority type in 2020 - 2022

Year	Authority Type	ECCE			Primary (1–6)			Secondary (7 +)		
		Male	Female	Total	Male	Female	Total	Male	Female	Total

## 2. NUMBER OF SCHOOLS IN FORMAL EDUCATION

This section presents the data on schools operating in Vanuatu from ECCE to Secondary. The school information is presented in different tables formats with the selected variables such as, school type, language of instruction, location (province, rural or urban) and authority type as clearly outlined in each table heading.

Table 26: Number of each school type by official language of instruction per province in 2020 - 2022

Year	School Type	Language	Province					Total		
			Torba	Sanma	Penama	Malampa	Shefa		Tafea

### 3. TEACHERS INFORMATION IN FORMAL EDUCATION

This section provides data for teachers teaching in formal education (ECCE, Primary and Secondary school). Information presented in each table are disaggregated by different variables such as gender, school type, authority type, school location by province, student teacher ratio and language of instruction used in each school. It also provides information for government and non-government paid teachers teaching in formal education.

Table 38: Number of teachers by gender in each school type in 2020 – 2022

Gender	School Type	2020	2021	2022
Male	ECCE	49	52	53
	Primary school (1–6)	792	819	845
	Secondary school (7 +)	498	568	611

#### 4. POST SCHOOL EDUCATION AND TRAINING (PSET)

This section contains information on PSET Institutions. PSET refers to institutions that offer training courses outside the formal school system prior to the completion of secondary education. It captures data from institutions that providing courses accredited by Vanuatu Qualification Authority (VQA) and as well as the data for institutions providing non-accredited courses. It outlines data on enrolment of trainees, by courses offered by respective institutions established in Vanuatu.

Table 63: Enrolment of trainees in each PSET provider institution by gender in 2022

## 5. TERTIARY EDUCATION

Tertiary institution refers to higher education established in Vanuatu that offers university programs and courses. The information collected for tertiary institution is specific to Emalus Campus of the University of the South Pacific, the National University of Vanuatu and Agency of Francophone Universities. This section presents data on Ni-Vanuatu student enrolment and graduates by program offered by the respective universities. It also includes the number of Ni-Vanuatu students sponsored by donor agencies studying in various universities throughout the region and in some other parts of the world.

### 5.1 National University of Vanuatu (NUV)

The National University of Vanuatu was established in 2019 to provide higher education and lifelong learning through academic and professional excellence by way of training, teaching and learning in both English and French languages. The university offers Bachelor, Master and PhD programmes with specific fields as outlined in the tables below. Section 5.1 provides information for students enrolled and graduated from programmes with specific fields offered at the National University of Vanuatu main campus and the School of Education which now a registered faculty under the NUV in March 2021.

**Table 72. Number of students enrolled by gender in each program offered at the National University of Vanuatu main campus in 2020 – 2022**

Year	Programs/Courses	Enrolment		
		Male	Female	Total
2020	Bachelor's degree in Economics and Social Administration (Face to Face)	76	107	183
	Bachelor's degree in Economics and Social Administration (Online)	18	7	25
	Bachelor's degree in Tourism and Hospitality	24	52	76
	Master's degree in Economics and Social Sciences	13	10	23
	Master's degree in Planning and development of the Pacific Island territories of Vanuatu	6	1	7
	Doctor of Philosophy	3	1	4
	<b>Total</b>	<b>140</b>	<b>178</b>	<b>318</b>
2021	Bachelor's degree in Economics and Social Administration (Face to Face)	73	108	181
	Bachelor's degree in Economics and Social Administration (Online)	7	18	25
	Bachelor's degree in Tourism and Hospitality	14	31	45
	Bachelor's degree in Environmental Sciences	16	5	21
	Master's degree in Economics and Social Sciences	19	17	36
	<b>Total</b>	<b>129</b>	<b>179</b>	<b>308</b>
2022	Bachelor in Economics and Social Administration (ESA)	42	67	109

### 5.1.2 School of Education

The Vanuatu Institute of teacher Education (VITE) has been so instrumental in teachers training in Vanuatu that offers certificate and diploma courses for trainees enrolled at VITE in previous years.

VITE has been rename after the establishment of the National University of Vanuatu (NUV) in 2020, and registered under the NUV as the faculty of school of Education. In 2021, the School of Education has its first intake of students to study bachelor courses in Education. This marks a milestone for the institution to offer full courses accredited by Vanuatu Qualification Authority (VQA) which provide a great opportunity for students and teachers wishing to further their study with bachelor program in the field of education or teaching.

Table 74: Student enrolment by program and courses offered in School of Education in 2021

Program	Courses	Male	Female
Primary Teaching	Educational Psychology (English)	9	11

#### 5.4 Vanuatu Students Scholarship Awards by Sponsors

This sub-section provides information for Ni-Vanuatu students awarded with scholarship by the respective donor agencies such as Vanuatu Government, VNPF Scholarship scheme, New Zealand, Australian Aid and France Government. The information presented only outlines sponsors that are able to provide information on the number of new and on-going awardees studying in universities throughout the region and as well as some universities outside the region. Otherwise, there are few other sponsors that were not able to submit their information as per request.

Table 80: Number of new awarded scholarship by sponsors in 2019 – 2021
