- Total number of schools and teachers reached: 129 schools and 283 teachers/principals
 - ECCE: 67 schools, and 111 teachers
 - Primary: 52 schools, and 155 teachers/principals
 - Secondary: 7 schools, and 13 teachers/principals
 - PSET: 3 schools, and 4 teachers/principals

COVID 19

- Home Schooling Package (HSP) reviewed by Shefa education office and school principals on Efate; and a standardized HSP format has been developed for schools in Shefa province.
 - The revised HSP will be shared to other provincial education office for their use in the future.
- COVID 19 Prevention and Control in Schools guideline has been reviewed by the MoH and finalised. It has already been sent out to all schools for use, and it is available on the Ministry's website: <https://moet.gov.vu/>

Tanna Yasur Volcano Ash Fall

- NDMO has provided dry food rations (rice and canned fish) to the villages affected by the ash fall – 1st and 2nd push of dry food rations supplied. School children/students in this area benefited from these dry food ration supply.

North West Tanna Drought

- A plan has been produced by the TAFEA Provincial Education Office for the MoET and NDMO to respond to the needs of the affected schools by the drought.

Need Gaps

TC Harold

Summary of Needs Gap for the three (3) Provinces affected – SANMA, PENAMA & MALAMPA

- Reprinting of curriculum materials for schools (ECCE, Primary, Secondary and PSET) badly affected by TC Harold (*The details of the Curriculum Materials/Resources needs by school types can be obtained from the detailed assessment reports from the provinces – SANMA, PENAMA & MALAMPA*)
- Tents (42 & 72m²) and tarpaulins **urgently** needed at the badly damaged schools in SANMA, PENAMA and MALAMPA.
 - Sanma
 - 95 tents – 72m²; 355 tents – 42m²; 4 tarpaulins – 4x50m; and 554 tarpaulins – 4x5m are still needed for schools (ECCE, PS, SS and PSET).
 - Penama
 - 25 tents – 72m²; 48 tents – 42m²; 42 tarpaulins – 4x50m; and 6 tarpaulins – 4x5m are still needed for schools (ECCE, PS, SS and PSET).

- Malampa
 - 8 tents – 72m²; 4 tents – 42m²; 6 tarpaulins – 4x50m; and 66 tarpaulins – 4x5m are still needed for schools (ECCE, PS, SS and PSET).

COVID-19

- Need to inform Provincial Education Offices, School Principals and Teachers about curriculum materials/resources that are in Open VEMIS; need to assist teachers to access these resources in Open VEMIS.
- In the long-run, schools (particularly primary & secondary levels) will need assistance to develop their Online Learning Platforms.

Tanna Yasur Volcano Ash Fall

- Relocation of students whose schools are mostly affected by the Ash Fall to other non-affected schools in Tanna Island

North West Tanna Drought

- Dry food ration needed for schools/students in the drought affected area – North West Tanna

Impacts

Most schools (ECCE, primary, secondary and PSET) in the badly affected provinces/islands have resumed classes. However, some schools have not yet established the temporary learning centres so they will not be able to carry out teaching and learning as expected.

The curriculum content for all levels of education may not be fully implemented by the schools. MoET is yet to confirm the curriculum materials to be reprinted. Therefore it is likely that students may not receive the full teaching and learning required during the 2020 school calendar.

Donor activities

- DFAT and MFAT signed an agreement (DFA) to provide financial support towards TC Harold response/recovery, COVID-19 and Ambae recovery
- UNICEF is collaborating with the MoET to distribute tents, school in a box, ECD kits and school bags for badly affected schools in Pentecost, Santo and Malekula/Ambrym.
- Save the Children Australia is assisting the MoET to apply for a COVID-19 Accelerated Funding from the GPE
- SCA, along with DFAT, procured 43 tents that have arrived in country on 01st June 2020. The tents will be used as TLCs in TC Harold-affected areas. There are currently 17 tents pre-positioned in Santo.
