1 Clean Water for 87 Schools

Tropical Cyclone Harold
April 2020
Category 5 cyclone

TC Harold Accelerated Recovery Program
Funded by the Global Partnership for Education
Implemented by the Ministry of Education and Training
VUV 55 million (US\$500,000)

Supported by Save the Children

1. Damaged primary classrooms are repaired
2. Repaired classrooms are equipped with teaching and learning materials

104 new rainwater tanks for clean drinking water and handwashing

87 primary schools

Sanma 78 Schools
Malampa 9 Schools

13,800 students
563 teachers

Achievements

- Led by government
- Used government systems
- Aligned to the national recovery plan
- Coordinated with other donors
- No duplication
- Exceeded targets

Challenges

- Overstretched procurement systems
- Slow supply chains due to COVID-19
- Communicating with schools and parents

Learning

- Use the grant agent's procurement systems for rapid emergency needs
- Explore pooled funds for recovery
- Invest in communication to officers, teachers and parents

Rating

Relevance	High
Efficacy	High
Efficiency	Substantial

Thank you to the Global Partnership for Education and its donors for helping our schools recover, rebuild and learn again.
Build back better
