FOREWORD

The Ministry of Education and Training (MoET) through the policy and planning division has the mandate to publish yearly statistical report on education data. Data are managed in VEMIS through comprehensive data collection and validation procedures that guarantee the publication of data.

This report provides detailed information on formal and informal education to measure the effectiveness of the policy objectives that addresses the three main goals of the Ministry, which are Access, Quality and Management particularly in ECCE to PSET.

It is important for all data users and departments within the MoET to make effective use of the data in all planning or decision-making aspects for effective and efficient allocation of resources. Data should always be consulted as evidence to guide the formulations of policies and plans to achieve the objective.

The data also aim at calculating the education indicators for SDG4, MDG and other regional indicators to measure the progress of the Vanuatu's education system which then allows comparison at the regional levels for effective decision making.

On this note, I would like to acknowledge all our data users for the confidence you gain in utilising education data to support decision making in your organisations.

Finally, I am pleased to introduce to every education data user that the MoET Annual Statistical Report for 2024 is now published for official use.

Yours sincerely,

The image shows a handwritten signature in blue ink on the left, followed by a circular official stamp. The stamp contains the text 'MINISTRY OF EDUCATION AND TRAINING' around the top edge, 'DIRECTEUR GÉNÉRAL' in the center, and 'MINISTÈRE DE L'ÉDUCATION ET DE LA FORMATION' around the bottom edge. A small star is at the bottom center of the stamp.

Bergmans lati
Director General, Ministry of Education and Training

ACKNOWLEDGEMENT

I have this honour as Director responsible to acknowledge the commitment of MoET officers who contributed in one way or another towards the publication of the 2024 statistical report published by the Ministry of Education and Training.

My special gratitude goes to the officers of the Policy and Planning Division at MoET, and most especially to the VEMIS officers for the efforts in compiling and publishing this year's Annual Statistical Report. I extend my appreciation to the provincial VEMIS Officers for the improved coordination and support provided in collecting and entering the data into VEMIS.

Massive thanks for the contributions of the school management and in particular, school principals, teachers and staffs for their time and effort in organising the school data and for making sure data entry in VEMIS or in paper survey forms are completed according to the school census timeframe.

On that note, I would also like to extend my appreciation to all institutions of PSET provider for their continuous efforts towards updating PSET data in VEMIS, making it possible to published PSET data in this report.

I also take this opportunity to appreciate the team effort of the Provincial Education Officers (PEOs) within each Provincial Education Offices for the good working relationship in supporting the tasks allocated at the school level in relation to collection, entry, and validation of data in VEMIS.

Furthermore, I am so grateful to our donor partners particularly MFAT, DFAT, UNICEF, and SPC for providing the financial and technical support towards the development and capacity building on the use of the VEMIS system.

I would also like to encourage everyone to make good use of the information and to use the data as evidence to support effective planning and decision making within their aspects of work.

For further information, contact the Policy and Planning Division, or call +678 22309.

Yours sincerely,

Gideon John
Director, Policy and Planning Directorate

INTRODUCTION

The VEMIS has been instrumental in strengthening the collection and reporting of all MoET's data, ensuring that information is centralised and accessible for all users. All data available in the system are managed by responsible units that owns and manages the ministry's data from central office down to school level. The VEMIS captured wide range of education data including enrolment, teachers, facility, school registry and mapping, school finance, and scholarship which are accessible anywhere through the internet connection.

The development of VEMIS aims to strengthen its three main objectives towards producing quality data which are **Completeness, Accuracy and Reliability** of all education managed in the database and making sure data managers are trained to ensure the quality of data are addressed. The system itself facilitates the validation and quality control of the data stored in VEMIS that allows VEMIS officers and data managers to conduct data quality checks based on the reports generated by the system.

Therefore, data published have been validated and audited based on the VEMIS data quality procedures normally conducted by respective data managers within each unit before the data are confirmed for its official use.

Significantly, the information published measures the effectiveness and the progress of Education policies that addresses the main goals of the MoET, namely **Access, Quality and Management** highlighted in the Vanuatu Education and training Sector Strategy (VETSS) 2021 - 2030, that links to the society 2 pillar of "The People's Plan 2016 – 2030" which focuses on quality education.

Thus, the content of this report captures information for each school type; ECCE, Primary, Secondary, and PSET institutions. Unfortunately, the report does not capture section on tertiary institution as the updated information for tertiary institutions including data on scholarship awards was not provided as per request.

SUMMARY STATISTICS IN FORMAL EDUCATION

Table 1: Total enrolment by school type in 2022 - 2024

School Type	2022	2023	2024
ECCE	15,074	15,058	15,768
Primary (1 – 6)	56,391	55,233	56,104
Secondary (7 - 10)	21,009	22,635	24,825
Senior Secondary (11 +)	6,337	7,124	7,846
Total	98,811	100,047	104,543

1. STUDENT ENROLMENT IN FORMAL EDUCATION

The student's enrolment consists of data for ECCE, Primary and Secondary Schools for both government and private schools in operating Vanuatu. It is outlined in different table layouts according to the types of variables and characteristics measured among each student. There are some private and church funded schools that failed to submit enrolment data in VEMIS as indicated with '0' value presented in the tables.

Table 5: Enrolment by sex in each school and authority type in 2022 - 2024

Year	Authority Type	ECCE			Primary (1–6)			Secondary (7 +)		
		Male	Female	Total	Male	Female	Total	Male	Female	Total

4. POST SCHOOL EDUCATION AND TRAINING (PSET)

This section contains information on PSET Institutions. PSET refers to institutions that offer vocational training courses to trainees interested in life skills training. It captures data from institutions that providing courses accredited by Vanuatu Qualification Authority (VQA) and as well as the data for institutions providing non-accredited courses. Not all PSET institution submit their data in VEMIS, this section captures only PSET institution that are committed to updating data in VEMIS.

5. SCHOOL GRANT AND TUITION FEE INFORMATION

School grant and Tuition fees are paid only to government and government assisted schools registered to operate in Vanuatu. It is paid to ECCE, Primary and secondary schools on three tranches in each year. Each student of age 4 – 5 years in ECCE is entitle to the amount of 9,000 vatu per child in each tranche. For Primary school each student is entitle to 8,900 vatu per child and 8,125 vatu per child for Secondary school. The amount received by each school is determined by the enrolment data updated annually in VEMIS.

While the tuition fee is only paid to secondary schools (7 – 14) with an amount of 42,000 vatu per child in each year.

Table 76: Total amount of grant payment paid to each school type in 2023 - 2024

Year	School Type	Government schools	Government assisted schools	Total Amount (VUV)
2023	ECCE	N/A	N/A	99,466,800
	Primary	307,557,300	156,196,620	463,753,920

Note:

All non-registered schools outlined in Table 80, 81 and 82 were approved to operate under provisional registration status, they will be granted full registration once successfully achieving the school registration criteria.

Annex 2: Ministry of Education and Training Annual School Census Cycle

Annex 3: Glossary

TERMS	DEFINITIONS
Bilingual School	A school that it offers two different streams in same location. For example, English and French stream.
Bislama	A school that uses Bislama language as a medium of instruction.
Church Schools	Authority that administered schools owned by church.
Church (Government Assisted) Schools	Authority that administered schools owned by church with Government assistance.
Community Schools	Authority that administered schools owned by community.
DFAT	Department of Foreign Affairs and Trade (Australia)
Early Childhood Care Education (ECCE)	Child education and care programs and services for pre-primary education aged children including preschools and kindergartens.
Education Authority	The kind of entity under which the school is registered. There are 4 types of Education Authorities are: Government, Church, Private and Community.
Education Level	It comprises of each level of education in each school type.
English School	A school that uses English language as a medium of instruction.
French School	A school that uses French language as a medium of instruction.
Gender Parity Index (GPI)	The female value for any indicator divided by the male value to show the gender parity of the indicator with a value of 100 or very close to it indicating gender parity; a value over 100 indicating a difference in favour of females and a value less than 100 a difference in favour of males.
Government Schools	A school is a government school if a Provincial Education Board is responsible for the operation of the school.
Gross Enrolment Rate (GER)	Total enrolment in ECE, primary or secondary education expressed as a percentage of the total population of children who are of the official age group for that level of education.
Junior Secondary School	Junior secondary comprising years 7 to 10.
MFAT	Ministry of Foreign and Affairs and Trade (New Zealand)
Net Enrolment Rate (NER)	Total enrolment of pupils of the official school age group as a percentage of the total population of children who are official age group for that level of schooling.
Non-Government School	A school is a non-government school if an Education Authority is responsible for the operation of the school.
VEMIS	Vanuatu Education Management Information System (VEMIS) is the online system or database used for storing and managing Ministry of Education and Training data.
Over age	Students entering schools late with the age higher than the right (official) age of enrolment for each school type. (Refer to the right age definition)
Primary School	Primary education comprises years 1 to 6.
Private Schools	Authority that administered schools owned by individual.
Province	The islands of Vanuatu are divided into six provinces (TORBA, SANMA, PENAMA, MALAMPA, SHEFA & TAFEA) which have provincial administration to administer the government functions decentralised to the provinces.

Pupil's Classroom Ratio	The students in each school divided by the number of classrooms in that school.
Pupil Toilet Ratio	Number of students in each school divided by the number of toilets in that school.
Right Age	The right age for students to enter ECCE is at age 4 – 5 years, Primary at age 6 – 11 years and Secondary at age 12 – 18 years.
Rural Area	It is the geographical area located outside a town or city and that lack access to some essential services.
School Type	School type is the category of the Education levels which consist of ECCE, Primary and Secondary Education.
Secondary School	Secondary education comprises years 7 to 13/14 and can be divided into junior secondary and senior secondary. English stream offers year 7 to 13, while the French stream offers 7 to 14.
Senior Secondary School	Senior secondary comprising years 11 to 13/14. English senior secondary comprises of year 11 to 13, while French senior secondary offers year 11 to 14.
SPC	South Pacific Community
Student Teacher Ratio (STR)	The students who attended each school's type divided by the number of teachers in that school.
Underage	Students entering schools earlier than their official age of enrolment for each school type. (Refer to the right age definition)
UNICEF	United Nations International Children's Emergency Fund
Urban Area	It is an area refers to as town, city or suburb where a commercial, industrial and administrative activity normally takes place.
VEMIS	Vanuatu Education Management Information System
Vernacular School	A school that uses indigenous local language as a medium of instruction for teaching.
