General Coordination

MoET Cluster coordination

- Efforts have been made to enquire as to the number of schools that were able to open and the number of school that need support open that is with tent /tarpaulin for building damages ,school bags to motivate children to schools and school in a box for those school curriculum resources damaged .

MoET Van-Gov Students

- Flights for students in country yet to travel abroad for studies have been arranged and confirmed for student departure anytime from today.
- Allowances for continuing students (in country and overseas have been sorted for February and March .
- First year students allowance for overseas students have been made and submitted for payment into student accounts by next week (20-24/03/23).

EOC Coordination -

- MoET costed Response plan to NDMO has been approved.
- Data for 3W & 5W is currently in process to be updated by MoET planning team for consistency of information.
- Support is necessary to schools that have been able to resume on the 13th of March and those who are still having challenges to do so.
- Managers for each table to update daily progress to EOC controller so that information is channeled timely and for better co-ordination.
